APPLICATION INFORMATION:

Macjames® MMLD-06 - Multipurpose Liquid Detergent is used in oilfield, industrial and household washing and light cleaning. It is satisfactory for all floor types and coverings, offshore and onshore house cleaning, laundry, dishwash, handwash, carwash, toilets, and other like soiled surfaces and substrates.

DIRECTIONS:

- ✓ Use on washables substrates or materials.
- ✓ Add to water until it forms lather for proper washing and cleaning, assuming washing water is not pure.
- ✓ Apply on material or substrate by soaking, washing, scrubbing, etc .
- ✓ Rinse with clean water until foam is completely removed.

PRECAUTIONS:

This product is non-toxic for general health but common sense precautions are recommended.

- KEEP AWAY FROM CHILDREN
- Do not drink.
- Avoid contact with eyes, otherwise flush with plenty water.
- If swallowed, drink much water and see a doctor.

MACJAMES® MMLD-06 - MULTIPURPOSE LIQUID DETERGENT

PRODUCT TECHNICAL INFORMATION

DILUTION RATIOS:

HEAVY OIL AND SOIL: Use 1:5 parts of water solution for heavy oily and sooty wash off.

LIGHT WASHING AND CLEANING: Use 1:10 parts water to 1: 30 parts water solution for light washing and mopping.

GENERAL WASHING AND CLEANING: Use diluted solution according to soil/dirt level and nature for effective action.

PHYSICAL PROPERTIES			
Appearance:	Light Blue	Foaming Tendency:	Very High
Odour:	Lemon-apple	Concentration Monitoring Techniques:	Titration
Specific Gravity (H₂O = 1)	1.09	Water solubility:	Complete
Viscosity:	High	Rinsability:	Excellent
pH:	7.5 - 8.5	Flash Point:	none
Freezing Point:	Below 0°C	Boiling Point:	Above 100 °C

NB: The Material Safety Data Sheet(MSDS) of **Macjames® MMLD-06 - Multipurpose Liquid Detergent** is readily available for more information or contact us at info@macjamesglobal.com.
